

Efficient. Thorough. Successful. And Fast.

**SBA 7(a) and 504 Loans for Your Clients.
Referral Fees for You.**

Business Lenders
Financed by Merrill Lynch

Business Lenders is a closely held business like yours, so we understand the importance of fast and efficient closings and competitive fee schedules. Started in New England over ten years ago, we're now financed by Merrill Lynch, one of the world's leading financial services companies.

We're looking to lend.

What kind of businesses are we looking to fund?

- manufacturers/wholesalers/distributors
- medical offices and veterinarian practices
- hotels/motels
- gas station/convenience stores
- day care centers
- assisted living facilities
- retailers
- franchisees
- professional practices
- restaurants
- service businesses

Our credit profile places an emphasis on:

- sound management and integrity
- adequate cash flow (combined to include personal debt service requirements)
- adequate collateral coverage

We're fast movers.

The U. S. Small Business Administration recognizes us as a “preferred lender”—one of the most qualified lenders for small and mid-size businesses. And that means we can approve loans faster. We guarantee completion of an initial pre-screen within 48 hours. Once we receive the completed application, we'll have an approval within 7 business days. And we expedite loan closings.

Earn referral fees.

Our partners earn commissions for referrals that result in closed loans. Our most successful partners have an understanding of SBA eligibility and are experienced in preparing SBA loan applications. Referral fees are negotiable and are based on the volume and the quality of loan packages. Send us a loan package and we'll determine whether we can help your client base. If there's a good fit, we'll provide a commission schedule and a Loan Producer Agreement.

Take 5 and get started.

Call Business Lenders or visit our website at www.businesslenders.com and take your client through a “Test Drive.” In five minutes you'll know if your client pre-qualifies for a Business Lenders loan. Send the pre-qualifier back via e-mail, and we'll get the application process going. And make deals happen.

**Business
Lenders**

The logo for Business Lenders, featuring the words "Business" and "Lenders" stacked vertically in a bold, black, sans-serif font. A green curved line is positioned below the word "Lenders", resembling a smile or a checkmark.
